POWERED BY

A blurred background image showing business professionals in a modern office setting. A man in a dark suit is walking towards the left, and a woman in a dark blazer and grey skirt is walking towards the right. The background is out of focus, suggesting a busy, fast-paced environment.

## PAPERLESS CONNECT

A CUTTING-EDGE INVOICE MANAGEMENT SERVICE

If you are looking to optimize your invoice management, Paperless Connect can help you **save time, cut costs** and **ensure compliance** thanks to its **automated, secure and reliable platform**.

The **Paperless Connect** service offers you the required electronic interface for an **organized and integrated communication** with your partners, while **securing the electronic invoices' delivery** to your customers and **providing you with a reliable and precise delivery report**.

# Key benefits

## THROUGH PAPERLESS CONNECT YOU WILL GAIN

- ▲ **CONSIDERABLE COST SAVINGS:** from an average cost of 4€ to 7€ per paper invoice versus less than 1€ per electronic invoice, achieved thanks to:
  - ▶ Eliminated costs arising from consumables, print outs, paper envelopes, postage or courier costs
  - ▶ Improved productivity by getting rid of all time lost on telephone calls made to ensure that customers have received your invoices
  - ▶ Reducing the time needed for issuing an invoice: 5 to 14 minutes for the traditional invoice as opposed to only 1 minute for an electronic invoice
  - ▶ Improved cash flow due to faster balance agreement
- ▲ **ADDITIONAL BUSINESS PRESTIGE,** by:
  - ▶ Providing an updated and modern means of communication with your partners
  - ▶ Joining the fastest developing network of companies that use Electronic Invoicing in Greece and abroad
  - ▶ Enhancing your company's Corporate Social Responsibility strategy through the implementation of environment-friendly/green practices
- ▲ **GREATER VISIBILITY AND CONTROL,** thanks to the use of features which are not available in traditional invoicing, such as direct and guaranteed delivery to the customer, better invoicing

control and automatic invoice input.

- ▲ **COMPLIANCE FACILITATION,** such as faster update of monthly invoicing reports or electronic invoicing tax & legal compliance.

# An integrated approach

- ▲ **LEGAL AND TAX COMPLIANCE**
- ▲ **AUTOMATED AND SECURE INVOICE DELIVERY**  
within a safe and monitored interface
- ▲ **AUTOMATED EXCHANGE OF ATTACHED DOCUMENTS** too, without manual interference
- ▲ **INTEGRATED BUSINESS RULES & PROCESSES**  
(such as automatic connection of related documents etc.)
- ▲ **AUTOMATIC RECEPTION OF INCOMING ELECTRONIC INVOICES WITH END2END AUTOMATION.** *Paperless Connect* offers an integrated approach for the automatic reception of electronic invoices from your suppliers, for their automated input in your ERP/accounting systems, *i-Connect*, and for their automatic electronic archiving, *Archiving Connect*.

# Leading - Innovation

- ▶ **A PIONEER ONLINE COMMUNITY**, facilitating networking amongst businesses that already use electronic invoicing, where peers and thought leaders can share insights and best practices with value-added business partners
- ▶ **INNOVATIVE SOCIAL NETWORKING TOOLS TO USE WITH YOUR PARTNERS:** the Service allows you to easily find customers who already receive electronic invoices and to easily invite them to connect with you and receive your invoices electronically.

## ELECTRONIC INVOICING: THE SMART WAY!

# Leading - Innovation

- ▶ **FULL TRANSACTION HISTORY:** full sender & recipient history per invoice
- ▶ **AUTOMATED INVOICE DELIVERY** status updates and reports

# Convenience

- ▶ **USER-FRIENDLY INTERFACE**
- ▶ **EASY TO USE APPLICATION FOR YOUR CUSTOMERS:** not only is it free, but they also have easy access to their suppliers' invoices for the past 2 months, and the only thing required is an Internet connection
